

## *Mother's Day* gift ideas

Treat your mom to something fun and rewarding this Mother's Day. Consider these simple gifts and activities to show your appreciation:

- **Hit the theatre.** Take her to see that new blockbuster everyone's been talking about. Don't forget to load up on the popcorn and sweets.
- **Opt for wine tasting.** Visit one of California's wineries to sample the best wine local vineyards have to offer. Many provide guided wine country tours for an enhanced wine-tasting experience.
- **Send her to the spa.** Pamper your mom with a relaxing day trip to a local spa to help relieve some stress.
- **Pay for dinner.** A well-cooked meal in an inviting atmosphere is simple and worthwhile. Take her to her favorite restaurant or try the menu somewhere new.
- **Shop 'til you drop.** If your mom's a shopper, treat her to a day at the mall or take her to her favorite boutiques.
- **Gift her flowers and chocolate.** Keep it simple with a bouquet of her favorite flowers and a box of assorted chocolates.
- **Head to the nature trail.** If your mom loves the outdoors, take her on a camping or hiking trip. California is rich with parks and camping hot spots – brave the trails and enjoy the scenery with her.
- **Visit local museums and art galleries.** Brush up on your history or admire the latest artwork at your local venues. Your mom may even find a new art piece to hang on her wall.
