

Make your small bathroom look bigger

Is your tiny bathroom feeling tight? Maximize your space with these simple tricks:

- ◆ **Clarify.** Instead of a heavy, opaque shower curtain, choose a clear shower curtain or glass shower door. This will show off the full depth of the room.
- ◆ **Brighten.** Choose solid, light colors for towels, rugs and other linens to brighten up the space.
- ◆ **Clean.** Remove or hide away clutter, clearing off the sink and tucking away toiletries into a cabinet or basket.
- ◆ **Glow.** Let the light in by switching out dull fixtures and placing mirrors to strategically reflect the light.
